"Battle Support"

Another week gone…another week closer to coming home. I hope everyone back home had a great week. For the past couple of weeks the weather here has been exceptionally good for us. Unfortunately this week we were reminded that its still winter. We had rain and snow throughout the week. This weeks training included a M249 Range and more NBC training. No surprise that the range was cold and very muddy but, as always, it was very successful and the soldiers received very good training. Upcoming training events include a M16 Range (29 JAN) and, you guessed it, more NBC training. The other highlight this week included a Battalion Prayer Breakfast on 21 JAN hosted by Chaplain Holmes.

As I stated in last weeks news letter; if you are interested in joining your spouse in Sofia, Bulgaria during an FMPP trip contact the FRG for information.
